| Grant Activity - Soil Erosion | 2017 Technology/Equipment |
|-------------------------------|---|
| Description | This will be added to FY2016 equipment funds to increase technical capacity. It will include, but is not limited to, the purchase of additional computers, programs and licenses to address office technology needs. It will also field technology additions. In particular recent discussions have included upgraded survey equipment, total station or laser and estimated cost of this system is slightly over \$30,000. There is possibility of some software to utilize the equipment more effectively. CADD has been part of the discussion. It is part of current plan that a 0.5 FTE tech will be added (who will also work on WCA). The survey equipment would allow for more independent surveying. Additional funds would be added to 2016 funds for purchase of computer/software upgrades for current and additional staff. Hire of a part-time admin. assistant was recently approved. 2015 to 2025 Wabasha County LWM Plan To include, but not limited to all priority concerns listed in plan.
