

**Wabasha Soil and Water Conservation
District Regular Board Meeting
July 24, 2025
8:15 am
611 Broadway Avee, Suite 10B**

I. CALL MEETING TO ORDER

II. PLEDGE ALLEGIANCE

III. AGENDA

IV. PUBLIC COMMENTS

Comments limited to 5 minutes per speaker

V. CONSENT AGENDA -Board Action

Items on the Consent Agenda are considered to be routine by the Board and may be enacted through one motion. Any item on the Consent Agenda may be removed by any of the Board members for separate consideration

i. Contract Amendments

- A. Kenneth Heise Amendment# 1 for Contract# 25-CC-8 to change the authorized amount to \$1,909.06 for 380 Windbreak / Shelterbelt Establishment and Renovation and 490 Tree/Shrub Site Preparation. (Funding source – FY24 Conservation Contracts \$150.99 and FY25 Conservation Contracts \$1,758.07)

ii. Vouchers

- A. Kenneh Heise Voucher in the amount of \$1,909.06 for Contract# 25-CC-8 for 380 Windbreak / Shelterbelt Establishment and Renovation and 490 Tree/Shrub Site Preparation. (Funding source – FY24 Conservation Contracts \$150.99 and FY25 Conservation Contracts \$1,758.07)
- B. Steve Evers Voucher in the amount of \$14,832.37 for Contract# 23-CWF-WIC-04 for NRCS (FOTG) 410 Grade Stabilization Structure. (Funding source – FY23 West Indian Creek Watershed Restoration and Protection)
- C. Richard Oeckler Voucher in the amount of \$500.00 for Contract# 2024WAGZ-WC-14 for Forest Stewardship Plan. (Funding source - FY24 Watershed Based Funding (WAGZ))
- D. Gary Stoning Voucher in the amount of \$1,320.00 for Contract# 25-CC-9 for 327 Conservation Cover. (Funding source – FY25 Conservation Contracts)

VI. SECRETARY'S REPORT

- A. June 26, 2025, Meeting Minutes – **Board Action**

VII. TREASURER'S REPORT – Board Action

- A. June District Financial Statements
Included for your review
- B. June Program Record

VIII. PAYMENT OF MONTHLY BILLS

- A. Monthly Bills in the amount of **\$86,867.22 - Board Action**

IX. DISTRICT REPORTS

- A. Chair Report – Lynn Zabel
- B. County Commissioner – Bob Walkes
- C. District Manager Report – Terri Peters
- D. NRCS Report – Christina Taylor – (In the packet)
- E. District Technician Report- Matt Kempinger – (In the packet)
- F. Natural Resources Technician Report– Katelyn Abts – (In the packet)
- G. Soil Health/Nutrient Management Tech Report – Deanna Pomije – (In the packet)
- H. Bookkeeper/Administrative Assistant Report -Sue Cerwinske -
- I. BWSR Report –
- J. **FSA Agency Report – Colleen Pawlenty**

X. OLD BUSINESS

- A. Conservation Project – Lynn (open to any Supervisor for ideas)

XI. NEW BUSINESS

- A. Approve Craig Breuer Contract# 2025WAGZ-WC-04 in the amount of \$2,000.00 for Practice 351 Well Decommissioning. Install by date 5/30/26-**Board Action**
(Funding source – FY25 Watershed Alliance for the Greater Zumbro (WAGZ))
- B. Approve Jary Holst Contract# 2025Winc-Wab-001 in the amount of \$13,222.14 for a NRCS (FOTG) 410 Grade Stabilization Structure. Installed by date 11/30/2025-**Board Action**
(Funding source – FY25 WinLac 1W1P)
- C. Approve 1864 Joseph Roemer Farm LLC Amendment# 1 to Contract# 2025WAGZ-WC-05 to change address to 22205 699th St. Wabasha, MN 55981- **Board Action**
- D. Approve 1864 Joseph Roemer LLC Voucher payment for Contract# 2025WAGZ-WC-05 in the amount of \$3,768.10 for NRCS (FOTG) 410 Grade Stabilization Structure – **Board Action**
(Funding source – FY24-FY25 Greater Zumbro Watershed Based Funding (WAGZ))
- E. Nominations for Outstanding Conservation Farmer of the Year. – **Discussion**
- F. **List of potential 2025 RCPP Soil Health cover crop contracts. Pending grant execution**

- G. Resolution 07242025-1 - Signature Authority for Terri Peters to sign the list of RCPP cover crop contracts once the grant is executed. – **Board Action**
- H. Approve Reiter Living Trust/William Reiter Amendment# 1 to change Total Amount Authorized to \$43,950.59 for Contract# 2024WinLac-WAB-008 NRCS (FOTG) 410 Grade Stabilization & 412 Grassed Waterway – **Board Action**
- I. Approve Partial Payment Voucher for Reiter Living Trust/William Reiter for Contract# 2024WinLac-WAB-008 in the amount of \$1,857.59 – **Board Action** (Funding source – FY23-FY24 WinLac)
- J. 2025 Soil Health RCPP
 - i. Final policy and cost share rates – decision
 - ii. Authority for Terri to sign grant agreement and cost share contracts that are batched and ranked – decision – **Board Action**
 - iii. Current batched and ranked 2025 RCPP contracts pending grant execution – **Board Action**
- K. Approve Alan Jostock Voucher in the amount of \$339.50 for Contract# 2024WAGZ-WC-02 for 327 Reduced Tillage, No-Till – 1st year payment of 2-year contract Contingent upon Technical Assistance sign-off. – **Board Action** (Funding source – FY24 Watershed Alliance for the Greater Zumbro)
- L. Approve Alan Jostock Voucher in the amount of \$204.00 for Contract# 2024WAGZ-WC-03 for 329 Residue Management, No Till – 1st year payment of 2-year contract. Contingent upon Technical Assistance sign-off. – **Board Action** (Funding source – FY24 Watershed Alliance for the Greater Zumbro)
- M. Upcoming Events
 - i. August 5, 2025, Southeast MN Forage Field Day & Dairy Tour at Hyde Park Holsteins – Kevin Siewert. 61944 Wabasha Cty Rd 6, Zumbro Falls. 9:45 am – 2:00 pm. RSVP at mfa@midwestforage.org Flyer on website.
 - ii. Terri will be on vacation from August 23 – August 27th.
 - iii. August 28, 2025, Regular Board Meeting
 - iv. September 10 & 11, 2025, MASWCD – Stewardship Summit: SWCD Governance & Leadership Essentials. Registration Deadline – August 22
 - v. County Fair dates July 30 – August 2 (We'll have Tap-In staff doing nitrate testing August 1st from 12 p.m. to 3 p.m.)
 - vi. July 31st We are part of a BWSR Board Conservationist Tour at the Hager RIM site.

XII. Board Reports

- A. Whitewater JPB – Lynn
- B. Zumbro 1W1P – Dag
Greater Zumbro Watershed Policy Committee (1W1P) August 21st.
(Oronoco start and bus tour)
- C. WinLaC 1W1P – Lynn
WinLaC Policy Committee Meeting – August 11
- D. SE SWCD Technical Support JPB – Dag
Just had a meeting on July 17th, and they meet 2x/year
- E. County Board Meeting – Sharleen

Conservation Practice Location

Township Name:	Township No:	Range No:	Section No.	1/4, 1/4
Mt Pleasant Twp	111	13	29	NE, SW

Contract Information

I (we), the undersigned, do hereby request cost share assistance to help defray the cost of installing the following practice(s) listed on the second page of this contract. It is understood that:

1. The land occupier is responsible for full establishment, operation, and maintenance of all practices and upland treatment criteria applied under this program to ensure that the conservation objective of the practice is met and the effective life, a minimum of 1 years, is achieved. The specific operation and maintenance requirements for the conservation practice listed are described in the operation and maintenance plan prepared for this contract by the technical assistance provider.
2. Should the land occupier fail to maintain the practice during its effective life, the land occupier is liable to the State of Minnesota for the amount up to 150% of the amount of financial assistance received to install and establish the practice unless the failure was caused by reasons beyond the land occupier's control, or if conservation practices are applied at the land occupier's expense that provide equivalent protection of the soil and water resources.
3. If title to this land is transferred to another party before expiration of the aforementioned life, it shall be the responsibility of the landowner who signed this contract to advise the new owner that this contract is in force and to notify other parties to the contract of the transfer.

4. Practice(s) must be planned and installed in accordance with technical standards and specifications of the:

Windbreak/Shelterbelt Establishment and Renovation (380), Tree/Shrub Site Preparation (490)

5. Increases in the practice units or cost must be approved by the organization board through amendment of this contract as a condition to increase the cost-share payments.
6. This contract, when approved by the organization board or council, will remain in effect unless canceled or amended by mutual agreement, except where installations of practices covered by this contract have not been installed by 6/30/25, this contract will be automatically terminated on that date.
7. Items of cost for which reimbursement is claimed are to be supported by invoices/receipts for payments and will be verified by the organization board as practical and reasonable. The invoices must include the name of the vendor; materials, labor or equipment used; the component unit costs and the dates the work was performed. The organization board has the authority to make adjustments to the costs submitted for reimbursement. Pre-Construction Cover is exempt from having the required invoices/receipts.

Applicant Signatures

The land occupier's signature indicates agreement to:

1. Grant the organization's representative(s) access to the parcel where the conservation practice will be located.
2. Obtain all permits required in conjunction with the installation and establishment of the practice prior to starting construction of the practice.
3. Be responsible for the operation and maintenance of conservation practices applied under this program in accordance with an operation and maintenance plan prepared by the technical assistance provider.
4. Not accept cost-share funds, from state sources in excess of 50%, or state and non-state sources that when combined are in excess of 50% of the total cost to establish the conservation practice. Pre-construction Cover is exempt from the percent reimbursement rate limitations when utilizing the flat rate payment option.
5. To provide copies of all forms and contracts pertinent to any other state or non-state programs that are contributing funds toward this project.

----------------------------------	-----------------------------	-------------------------	--------------------------	---------------------------------

Contract Information

I (we), the undersigned, do hereby request cost share assistance to help defray the cost of installing the following practice(s) listed on the second page of this contract. It is understood that:

- The land occupier is responsible for full establishment, operation, and maintenance of all practices and upland treatment criteria applied under this program to ensure that the conservation objective of the practice is met and the effective life, a **minimum of 15 years**, is achieved. The specific operation and maintenance requirements for the conservation practice listed are described in the operation and maintenance plan prepared for this contract by the technical assistance provider.
- Should the land occupier fail to maintain the practice during its effective life, the land occupier is liable to the State of Minnesota for the amount up to 150% of the amount of financial assistance received to install and establish the practice unless the failure was caused by reasons beyond the land occupier's control, or if conservation practices are applied at the land occupier's expense that provide equivalent protection of the soil and water resources.
- If title to this land is transferred to another party before expiration of the aforementioned life, it shall be the responsibility of the landowner who signed this contract to advise the new owner that this contract is in force and to notify other parties to the contract of the transfer.
- Practice(s) must be planned and installed in accordance with technical standards and specifications of the:

NRCS Field Office Technical Guide (FOTG)

- Increases in the practice units or cost must be approved by the organization board through amendment of this contract as a condition to increase the cost-share payments.
- This contract, when approved by the organization board or council, will remain in effect unless canceled or amended by mutual agreement, except where installations of practices covered by this contract have not been **installed by 11/30/2025**, this contract will be automatically terminated on that date.
- Items of cost for which reimbursement is claimed are to be supported by invoices/receipts for payments and will be verified by the organization board as practical and reasonable. The invoices must include the name of the vendor; materials, labor or equipment used; the component unit costs and the dates the work was performed. The organization board has the authority to make adjustments to the costs submitted for reimbursement. Pre-Construction Cover is exempt from having the required invoices/receipts.

Applicant Signatures

The land occupier's signature indicates agreement to:

- Grant the organization's representative(s) access to the parcel where the conservation practice will be located.
- Obtain all permits required in conjunction with the installation and establishment of the practice prior to starting construction of the practice.
- Be responsible for the operation and maintenance of conservation practices applied under this program in accordance with an operation and maintenance plan prepared by the technical assistance provider.
- Not accept cost-share funds, from state sources in excess of **90.0%**, or state and non-state sources that when combined are in excess of **90.0%** of the total cost to establish the conservation practice. Pre-construction Cover is exempt from the percent reimbursement rate limitations when utilizing the flat rate payment option.
- To provide copies of all forms and contracts pertinent to any other state or non-state programs that are contributing funds toward this project.

Conservation Practice

The primary practice for which cost share is requested is: 410 - Grade Stabilization Structure

Eligible Component Standards & Names 362 - Diversion, 460 - Land Clearing, 342 - Critical Area Planting	Engineered Practice: <input checked="" type="checkbox"/> YES <input type="checkbox"/> NO	Total Project Cost Estimate \$45,994.70
	Ecological Practice: <input checked="" type="checkbox"/> YES <input type="checkbox"/> NO	

Technical Assessment and Cost Estimate

I have the appropriate technical expertise and have reviewed the site where the above-listed practice is to be installed and find it is needed and that the estimated quantities and costs are practical and reasonable.

Date 5-15-25	Technical Assistance Provider Mickie Kerpington	NRCS engineered project with appropriately signed and documented plans available upon request. NRCS CPA 1245 (Practice Approval and Payment Worksheet) can be utilized as the certification of practice completion. An attached completed, and signed NRCS CPA 1245 and the as-built can be used as the Technical Certification on the Voucher and Certification.
-----------------	--	---

Pre-Construction Cover

Is allowed when temporary cover is necessary for the future installation of structural conservation practices. A flat rate payment of up to \$150 per acre, not to exceed 10 acres, is allowed as part of a state cost share contract for the installation of structural practice(s).

Amount / Acre (NTE \$150/acre)	Number of Acres (NTE 10 Acres)	Total Amount

Amount Authorized for Financial Assistance

The organization board or council has authorized the following for financial assistance, total not to exceed 90.0% of the total cost to establish the conservation practice plus the pre-construction cover total amount if utilizing the flat rate payment option.

Amount	Program Name	Fiscal Year
\$17,155.23	2023 West Indian Creek Watershed Restoration and Protection	2023

Date May 22, 2025	Authorized Signature Lynn Zabel	Total Amount Authorized \$17,155.23

---------------------------------	----------------------------	-------------------------	--------------------------	---------------------------

Contract Information

I (we), the undersigned, do hereby request cost share assistance to help defray the cost of installing the following practice(s) listed on the second page of this contract. It is understood that:

1. The land occupier is responsible for full establishment, operation, and maintenance of all practices and upland treatment criteria applied under this program to ensure that the conservation objective of the practice is met and the effective life, a minimum of years, is achieved. The specific operation and maintenance requirements for the conservation practice listed are described in the operation and maintenance plan prepared for this contract by the technical assistance provider.
2. Should the land occupier fail to maintain the practice during its effective life, the land occupier is liable to the State of Minnesota for the amount up to 150% of the amount of financial assistance received to install and establish the practice unless the failure was caused by reasons beyond the land occupier's control, or if conservation practices are applied at the land occupier's expense that provide equivalent protection of the soil and water resources.
3. If title to this land is transferred to another party before expiration of the aforementioned life, it shall be the responsibility of the landowner who signed this contract to advise the new owner that this contract is in force and to notify other parties to the contract of the transfer.
4. Practice(s) must be planned and installed in accordance with technical standards and specifications of the:

Plan must be prepared by a Department of Natural Resources (DNR) Certified Plan Writer and registered with the DNR.
5. Increases in the practice units or cost must be approved by the organization board through amendment of this contract as a condition to increase the cost-share payments.
6. This contract, when approved by the organization board or council, will remain in effect unless canceled or amended by mutual agreement, except where installations of practices covered by this contract have not been installed by 6/30/25, this contract will be automatically terminated on that date.
7. Reimbursement requests must be supported by a completed voucher.

Applicant Signatures

The land occupier's signature indicates agreement to:

1. Grant the organization's representative(s) access to the parcel where the conservation practice will be located.
2. Obtain all permits required in conjunction with the installation and establishment of the practice prior to starting construction of the practice.
3. Be responsible for the operation and maintenance of conservation practices applied under this program in accordance with an operation and maintenance plan prepared by the technical assistance provider.
4. Not accept any other state or federal funds for this practice.

33.4 acres at \$50.00/acre.
(Funding source -FY23 State Cost Share)
- D. Allen John & Melody Revocable Living Trust in the amount of \$1,260.00 for Contract# 23-CS-1. NRCS (FOTG) Practice 314 Brush Management.
(Funding source – FY24 Conservation Contracts)
- E. Benjamin Klein Voucher payment in the amount of \$712.36 for Contract# 25-CC-3. NRCS (FOTG) Practice 380 Windbreak/Shelterbelt Establishment and Renovation.
(Funding source – FY25 Conservation Contracts)
- F. Valyn Adler Voucher payment in the amount of \$53,599.50 for Contract# 2025WAGZ-WC-02. NRCS (FOTG) Practice 410 Grade Stabilization Structure.
(Funding source FY24-FY25 Greater Zumbro Watershed-WAGZ)

Motioned by Ross and seconded by Klennert to approve the Consent Agenda Vouchers.

Affirmative: Ross, Klennert, Tentis, Knudsen, Zabel

Opposed: None

Motion Carried

iv. Grant Amendment

- A. Amendment # 3 for Grant Contract Agreement # 229585 between the State of MN through its Commissioner of Natural Resources, Division of Forestry and Wabasha SWCD. Adding \$10,000.00 to SE Landscape funding. Grant Agreement Expiration Date 6-30-2026

Motioned by Klennert and seconded by Knudsen to approve the Grant Amendment#3 for the Grant Contract Agreement #229585 between the State of MN through its Commissioner of Natural Resources, Division of Forestry and Wabasha SWCD. Adding \$10,000.00 to SE Landscape funding. Grant Agreement Expiration Date 6-30-2026.

Affirmative: Ross, Klennert, Tentis, Knudsen, Zabel

Opposed: None

Motion Carried

v. AgBMP Loan Applications

VI. SECRETARY'S REPORT

A. May 22, 2025, Meeting Minutes – Board Action

Motioned by Knudsen and seconded by Ross to approve the Secretary's Report with the spelling correction for Dag Knudsen under Supervisors present.

Affirmative: Ross, Klennert, Tentis, Knudsen, Zabel

Opposed: None

Motion Carried

VII. TREASURER'S REPORT – Board Action

A. May District Financial Statements

Included for your review

B. May Program Record

Motioned by Klennert and seconded by Ross to approve the Treasure's Report to the best of our ability.

Affirmative: Ross, Klennert, Tentis, Knudsen, Zabel

Opposed: None

Motion Carried

VIII. PAYMENT OF MONTHLY BILLS

A. Monthly Bills in the amount of \$107,643.37 - Board Action

Motioned by Klennert and seconded by Knudsen to approve Payment of the Monthly Bills in the amount of \$107,643.37.

Affirmative: Ross, Klennert, Tentis, Knudsen, Zabel

Opposed: None

Motion Carried

IX. DISTRICT REPORTS

- A. Chair Report – Lynn Zabel
***Area 7 meeting. Lynn, Terri, Sharleen, and Frank attended.
Talked about how to work around managing funds, get done what we can.
Terri added that there aren't any resolutions in our area this year.
SWCD Aid was 15 million from state for the year. Cut back to \$12 million.***
- B. County Commissioner – Bob Walkes
2026 Budget. The State session is over. Getting clarity on Federal funds.
- C. District Manager Report – Terri Peters
***Projects, construction going on.
Hiring process. Interviews along with Lynn, Chet and Shawn.
Watershed Group planning report
BALMM Group meeting
Resolution meeting
Legislative session – funding.***
- D. NRCS Report – Christina Taylor – (In the packet)
***Christina was at the meeting and gave her report.
2026 EQIP Deadline is 8/1/2025.***
- E. District Technician Report- Matt Kempinger – (In the packet)
***Matt was at the meeting and went over the Valyn Adler project.
Construction was all done this spring.***
- F. Natural Resources Technician Report– Katelyn Abts – (In the packet)
- G. Soil Health/Nutrient Management Tech Report – Deanna Pomije – (In the packet)
- H. Bookkeeper/Administrative Assistant Report -Sue Cerwinske -
- I. BWSR Report –
- J. Other agencies – Sheila Harmes, Winona County Water Planner, Whitewater Watershed Coordinator
***Whitewater meeting June 27th. Changing meetings to Quarterly. Selected an Auditor. Well Sealing Grants – funding cost share 2 wells.
Landowner timeline could wait. Between meetings, sub-agreement fund.
After the Olmsted meeting, another well-sealing contract was funded with Whitewater funds.***

X. OLD BUSINESS

- A. Conservation Project – Lynn (open to any Supervisor for ideas)

XI. NEW BUSINESS

- A. Approve DKKA LLC Contract# 2025WAGZ-WC-03 in the amount of \$8,775.00 for NRCS (FOTG)- Practice 638 Water and Sediment Control Basin – **Board Action**
(Funding source – FY24-FY25 Greater Zumbro Watershed Based Funding - WAGZ)
Motioned by Klennert and seconded by Tentis to approve DKKA LLC)
Contract# 2025WAGZ-WC-03 in the amount of \$8,775.00 for NRCS (FOTG) – Practice 638 Water and Sediment Control Basin.
Affirmative: Ross, Klennert, Tentis, Knudsen, Zabel
Opposed: None
Motion Carried

Note: B. Daniel Miller Contract# 2025-WinLaC-Wab002 two versions up for discussion on which version to approve. 92% or 100% cost share. – **Board Action**

- B. Approve Daniel Miller Contract# 2025WinLaC-Wab002 in the amount of \$7,853.86 for NRCS (FOTG)- (Diversion) 92% cost share.
(Funding sources – WinLaC 1W1P \$6,440.25 and Local funds \$1,413.61)
or
Approve Daniel Miller Contract# 2025-WinLaC-Wab002 in the amount of \$8,587.00 for NRCS (FOTG)–(Diversion) 100% cost share.
(Funding sources – WinLaC 1W1P \$4,293.50 and Local funds \$4,293.50)

Matt and Peter Fryer discussed payment options with the board for Dan Miller's contract:

After the Gorman Creek project was done, Bill noticed that in the spring that the pasture by the tributary was wet. The diversion should have been part of the original Gorman Creek restoration project. Also, added stream crossing to the contract. Pete designed a diversion to get water out of pasture. Something we didn't see at the beginning.

**Pete and Matt's recommendations were Option 1, 92% cost share.
(100% diversion and 75% stream crossing). Contract total of \$7,853.86.**

**Motioned by Knudsen and seconded by Tentis to approve Daniel Miller Contract# 2025WinLaC-Wab002 in the amount of \$7,853.86 for NRCS (FOTG) – Diversion. 92% cost share
(Funding sources – WinLaC 1W1P \$6,440.25 and Local funds \$1,413.61)
Affirmative: Ross, Klennert, Tentis, Knudsen, Zabel
Opposed: None
Motion Carried**

- C. Approve Dennis P & Denise M Probst Contract# 25-CC-6 in the amount of \$1,500.00 for NRCS (FOTG) Practice 314 Brush Management – **Board Action**
(Funding source – FY25 Conservation Contracts)
Motioned by Klennert and seconded by Ross to approve Dennis P & Denise M Probst Contract# 25-CC-6 in the amount of \$1,500.00 for NRCS (FOTG) Practice 314 Brush Management.
Affirmative: Ross, Klennert, Tentis, Knudsen, Zabel
Opposed: None
Motion Carried
- D. Approve Kathy Henderson Contract# 23-CWF-WIC-06 in the amount of \$59,227.20 for NCRS (FOTG) Practice 410 Grade Stabilization Structure, Install by 11/30/2025 – **Board Action**
(Funding source – FY23 West Indian Creek Watershed Restoration and Protection)
Motioned by Klennert and seconded by Ross to approve Kathy Henderson Contract# 23-CWF-WIC-06 in the amount of \$59,227.20 for NRCS (FOTG) Practice 410 Grade Stabilization Structure. Install by date 11/30/2025.
Affirmative: Ross, Klennert, Tentis, Knudsen, Zabel
Opposed: None
Motion Carried
- E. Whitewater Joint Powers Board Well Sealing (2025) Sub-agreement between Whitewater Joint Power Board and Wabasha SWCD. Grant agreement for \$21,600.00 for May 27, 2025, to December 31, 2025 – **Board Action**
Motioned by Klennert and seconded by Ross to approve the Whitewater Joint Powers Board Well Sealing (2025) Sub-agreement between Whitewater Joint Power Board and Wabasha SWCD. Grant agreement for \$21,600.00 for May 27, 2025, to December 31, 2025.
Affirmative: Ross, Klennert, Tentis, Knudsen, Zabel
Opposed: None
Motion Carried
- F. Upcoming Events
- i. Friday, July 4, 2025, Independence Day – Offices Closed
 - ii. Wednesday, July 16th, West Indian Creek Get Together
Terri added that Mark Kruger is doing outreach in the West Indian watershed. We can use 319 funds.
Almost 2,000 acres, people are interested in doing drone cover crop seeding. Dean Thomas will be doing seeding rates. Broadcast rate.
The seed dealer is Midwest Cover Crop Council. We would pay the seed dealer and the drone operator.
Meet in BJ's parking lot. WIC Gathering, July 16 from 5:00 to 7:00 pm.
5:00 pm DNR doing fish shocking. 5:30 pm Drone seeding demo.

- iii. Thursday, July 24th, Regular Meeting
- iv. Wednesday July 30 – Saturday, August 2, Wabasha County Fair
Schedule with a staff person for a shift to cover our booth.
Let us know what days/times you can help.
***Morning and afternoon of July 31 and August 1, staff will be doing demos.
8/1 Olmsted doing nitrate testing. Borrowing the root pull display.
Dag available Thursday or Friday evening.***

- G. Approve the hiring of Ella Jurgerson as a Conservation Outreach & Planning Technician.

Terri commented that there were 2 people interviewed out of the 4-5 applications that Shawn had received. Both were good candidates. Ella Jurgerson fit the position better. She will finish up Ameri Corps 7/9 and she will start with us on 7/14/2025. A message had been sent to all board members that Ella was chosen and if there were no objections, we would move forward with the offer. I would like to make the offer today to hire Ella.

Motioned by Klennert and seconded by Knudsen to approve hiring Ella Jurgerson as the Conservation Outreach & Planning Technician.

Affirmative: Ross, Klennert, Tentis, Knudsen, Zabel

Opposed: None

Motion Carried

XII. Board Reports

- A. Whitewater JPB – Lynn
- B. Zumbro 1W1P – Dag
- C. WinLaC 1W1P – Lynn

Sheila said the Policy meeting is in August.

8-11-2025 Work group meeting at the St. Charles Community Room/City Hall.

Will have a field day to look at stream restoration. Will be coordinating park and ride. Walking up and down the stream.

- D. SE SWCD Technical Support JPB - Dag
- E. County Board Meeting – Sharleen

Note: If meeting is not finished by 10:00 am, we will need to recess the regular meeting and start the Local Work Group meeting at 10:00 am.

Motioned by Zabel to recess the regular meeting to go into the Local Work Group meeting.

Affirmative: Ross, Klennert, Tentis, Knudsen, Zabel

Opposed: None

Motion Carried

Motioned by Zabel to come out of recess and resume the regular meeting.

Affirmative: Ross, Klennert, Tentis, Knudsen, Zabel

Opposed: None

Motion Carried

XIII. Adjourn

Motioned by Klennert and seconded by Ross to Adjourn the meeting at 12:00 pm.

Affirmative: Ross, Klennert, Tentis, Knudsen, Zabel

Opposed: None

Motion Carried

Respectively Submitted By:

Seth Tentis, Secretary

Agenda for Local Work Group

1. Welcome & Review: 10 minutes
2. Present SWCD Draft Priorities: 30 minutes
3. Discuss Proposed Practices Changes and Technical Practice Recommendations: 15 minutes
4. Decision/Action Items: 15 minutes
5. Next Steps: 5 minutes
6. Adjourn LWG Meeting –

Then reopen the regular meeting, if necessary

7/24/2025

Christina Taylor Soil Conservationist

CSP (Conservation Stewardship Program)

- 20 Active CSP contracts with an obligated amount of over \$1,068,713 of which \$386,100 has been paid
- Currently in contact with contract holders to ensure they are on schedule for practice certification so payments can be processed in a timely manner after 1 Oct
- Currently taking new applications and beginning the planning process, but there isn't a sign-up deadline yet

EQIP (Environmental Quality Incentive Program)

- 23 Active EQIP contracts to include FY 25 contracts, worth \$1,119,070 with over \$682,035.00 already paid
- 24 Applications are in a pending status for FY 26; some are carry-over from previous sign-ups. It is expected that several will cancel due to program timelines and funding
- **Sign up deadline for FY26 is 1 August 2025**

RCPP-EQIP (Regional Conservation Partnership Program- EQIP)

- No applications submitted.
- One active contract

CRP

- CRP Sign up was May 12-June 6, 2025.
- Acceptance/Rejection date was 27 June. There are 24 plans that need to be written

Other Notes

Most requested technical assistance topic continues to be soil erosion control and prevention on HEL fields. Producers are trying to find better ways to mitigate soil erosion both from wind and from heavy rain events.

Brush management is also a resource concern that people request both technical and financial assistance for.

Monthly Report – July 2025

Matt Kempinger

Projects

- As-built documentation for 1 grade stabilization structure project
- Prepare contract for 1 grade stabilization structure project
- Prepare vouchers for 3 structural projects
- Prepare amendment for 1 grade stabilization structure contract
- Review designs with landowner for 1 grade stabilization structure
- Reporting for 2 structural projects
- Visit 3 new farms for assistance with resource concerns

Others

- Equipment Rental Program management and drill deliveries
- Assist 1 landowner with MAWQCP application
- West Indian Creek outreach event
- CRP Prairie Strips Program signup assistance
- Coordinate extension of review period for 1 large scale WCA application
- Investigate 1 potential WCA violation
- General project and contract management
- Answered general resource questions from the public and assisted where possible

Katelyn Abts – July 2025 Board Report

Programs

Conservation Contracts

- 1 Brush Management project in planning stages
- 1 Conservation Cover project finished and certified

WAGZ (Watershed Alliance for the Greater Zumbro)

- 1 Forest Stewardship Plan finished – payment voucher ready

MN Department of Health Wabasha County Well Inventory

- 246 wells inventoried
- Answered phone calls and emails from landowners with questions

RIM (Reinvest in Minnesota)

- 2 RIM inspections

RIM – Blufflands Program

- Dave Hager RIM – working on attaining title insurance
- Working with Dave Copeland to plan a site visit to the Hager RIM with BWSR staff members
- 1 RIM application in the process

Buffer Law

- Conducted aerial photo reviews as part of the 1/3 of parcels that need to be checked for 2025

Report to the Wabasha SWCD Board – July 24, 2025

Deanna Pomije, Soil Health Nutrient Management Specialist

Nutrient Management Work:

- Work on Adam Graner's 2026 manure management plan (1,200 acres) – using MPCAs new online planner. Lately this work has been put on hold with other work pressing.
- Finalized revisions on the Comprehensive Nutrient Management Plan (CNMP) 390 acres for Ted Mehrkens for EQIP, collaborating with Kate Bruss, TSA and reviewer Aaron Janz, NRCS. I plan to also complete a Manure Management Plan for them as required by MPCA & their annual 2026 manure management plan.
 - NRCS staff finished their review of the plan. Need to set aside time for these revisions, mostly mapping updates needed.

Soil Health Work:

- No-till drill rental season for warm season grass seeding has passed with three producers using renting it. A couple have already signed rental contracts for cool season grass planting for Aug./ Sept. We are bringing Ella up-to-speed on lending out our rental equipment. To date for this year the drill has been used on 82 acres, 8 producers.
- Working through the certification of no-till under two contracts, two farms with Alan Jostock. The payment voucher has been sent to NRCS staff for JAA approval. His contracts also include cover crops.

Cover Crops:

- The latter part of this month was spent talking with cover crop interests and processing their applications. Signing them up involves FSA and NRCS eligibility checks. Developing a contract and seeding plan. Requesting job approval sign off on the seeding plans by TSA staff. Discussions with producers on their operation specifics and how cover crops fit into it for improving their soil health. Completing an NRCS environmental review form for each contract. We have 9 preliminary batched RCPP applications in process. This entails 398 acres and a request for \$78,775 with \$71,225 remaining in the current pending contract. There are ~26 additional potential interests for cover crops yet to contact or work through for possible contracts. In Aug. I plan to complete some soil health field assessments and Haney test soil collections.

Outreach & Client Contacts:

Breakfast on the Farm at Lehnertz 7/12:

Set up a booth/tent for this event with Matt. Demonstrated the soil stability test and had activity sheets for children. This was a very well attended event (1,100+) with many families visiting the farm.

West Indian Creek Gathering 7/16:

Had a great WIC Gathering on the 16th with about 25 people attending. I helped other staff in preparing for this event. Put together the sign-up sheet with seed mix option for the offered drone cover crop planting for those in the watershed. TJ Kartes, the agronomy salesman helped present on the agronomy aspects of the drone cover crop planting. His input was quite helpful. To-date we have 4 producers signed up for the WIC drone cover crop planting, totaling 209 acres.

- Ideas for soil health demos (soil stability test) at the county fair – planning to present around characteristics of our end goal; good health soil, what it looks like and how to test for it.

Coffee 'n Conservation:

- Next planned event will be in August – yet to be determined.
- June 25 the 'Coffee & Conservation' returned to the Legion in Plainview with a guest speaker, John Rosenow with a dairy operation in WI. He shared his story on how he composts his dairy manure. This was a great informal Q & A session with 5 people attending.
 - 21 total to-date producers / landowners in attendance
 - Great conversation around a variety of conservation topics: erosion, nutrient management, cover crops, tillage, weed control & manure composting.
 - Flyer prep., email – call – text producers for attendance
- Plan to transition these events to every other month to do a better job at outreach, getting people to attend and allowing enough time for cover crop and nutrient management work.

PERCENT BASED CONSERVATION PRACTICE ASSISTANCE CONTRACT

Craig Breuer	29844 Co 9 Blvd	Lake City, MN	55041

* If a group contract, this must be filed and signed by the group spokesperson as designated in the group agreement and the group agreement attached to this form.

Conservation Practice Location

Township Name:	Township No:	Range No.:	Section No.	1/4,1/4
Gillford Twp	110	13	11	NW, SE

Contract Information

I (we), the undersigned, do hereby request cost share assistance to help defray the cost of installing the following practice(s) listed on the second page of this contract. It is understood that:

- The land occupier is responsible for full establishment, operation, and maintenance of all practices and upland treatment criteria applied under this program to ensure that the conservation objective of the practice is met and the effective life, a minimum of 20 years, is achieved. The specific operation and maintenance requirements for the conservation practice listed are described in the operation and maintenance plan prepared for this contract by the technical assistance provider.
- Should the land occupier fail to maintain the practice during its effective life, the land occupier is liable to the State of Minnesota for the amount up to 150% of the amount of financial assistance received to install and establish the practice unless the failure was caused by reasons beyond the land occupier's control, or if conservation practices are applied at the land occupier's expense that provide equivalent protection of the soil and water resources.
- If title to this land is transferred to another party before expiration of the aforementioned life, it shall be the responsibility of the landowner who signed this contract to advise the new owner that this contract is in force and to notify other parties to the contract of the transfer.
- Practice(s) must be planned and installed in accordance with technical standards and specifications of the:

State of MN Plumbing Code (MN Rules, Chapter 4714), by a water contractor licensed under chapter 326B or a plumber licensed under chapter 326B.

- Increases in the practice units or cost must be approved by the organization board through amendment of this contract as a condition to increase the cost-share payments.
- This contract, when approved by the organization board or council, will remain in effect unless canceled or amended by mutual agreement, except where installations of practices covered by this contract have not been installed by 5/30/26, this contract will be automatically terminated on that date.
- Items of cost for which reimbursement is claimed are to be supported by invoices/receipts for payments and will be verified by the organization board as practical and reasonable. The invoices must include the name of the vendor; materials, labor or equipment used; the component unit costs and the dates the work was performed. The organization board has the authority to make adjustments to the costs submitted for reimbursement. Pre-Construction Cover is exempt from having the required invoices/receipts.

Applicant Signatures

The land occupier's signature indicates agreement to:

- Grant the organization's representative(s) access to the parcel where the conservation practice will be located.
- Obtain all permits required in conjunction with the installation and establishment of the practice prior to starting construction of the practice.
- Be responsible for the operation and maintenance of conservation practices applied under this program in accordance with an operation and maintenance plan prepared by the technical assistance provider.
- Not accept cost-share funds, from state sources in excess of 75%, or state and non-state sources that when combined are in excess of 75% of the total cost to establish the conservation practice. Pre-construction Cover is exempt from the percent reimbursement rate limitations when utilizing the flat rate payment option.
- To provide copies of all forms and contracts pertinent to any other state or non-state programs that are contributing funds toward this project.

Date 6-27-25	Land Occupier Craig J - Brenn
Date 6/27/2025	Landowner, if different from applicant EdoubleA LLC by Ellyn Kohnhoffer
	Address, if different from applicant information: 35559 County 45 BLVD, Lake City, MN 55041

Conservation Practice

The primary practice for which cost-share is requested is:

State of MN Plumbing Code (MN Rules, Chapter 4714), by a water contractor licensed under chapter 326B or a plumber licensed under chapter 326B.

Eligible Component Standards & Names See attached installation standards and requirements	Engineered Practice: <input checked="" type="checkbox"/> YES <input type="checkbox"/> NO	Total Project Cost Estimate \$8,195.00
	Ecological Practice: <input type="checkbox"/> YES <input type="checkbox"/> NO	

Technical Assessment and Cost Estimate

I have the appropriate technical expertise and have reviewed the site where the above-listed practice is to be installed and find it is needed and that the estimated quantities and costs are practical and reasonable.

Date 7/7/25	Technical Assistance Provider Kathryn Abbott	Cost estimate provided by licensed well contractor
----------------	---	---

Pre-Construction Cover

Is allowed when temporary cover is necessary for the future installation of structural conservation practices. A flat rate payment of up to \$150 per acre, not to exceed 10 acres, is allowed as part of a state cost-share contract for the installation of structural practice(s).

Amount / Acre (NTE \$150/acre)	Number of Acres (NTE 10 Acres)	Total Amount

Amount Authorized for Financial Assistance

The organization board or council has authorized the following for financial assistance, total not to exceed 75.0% of the total cost to establish the conservation practice plus the pre-construction cover total amount if utilizing the flat rate payment option.

Amount	Program Name	Fiscal Year
\$2,000.00	Watershed Alliance for the Greater Zumbro	2025

Applicant

Land Occupier Name Jary Holst	Address 20514 590TH ST	City/State Kellogg, MN	Zip Code 55945
--------------------------------------	-------------------------------	-------------------------------	-----------------------

* If a group contract, this must be filed and signed by the group spokesperson as designated in the group agreement and the group agreement attached to this form.

Conservation Practice Location

Township Name: Highland	Township No: 109	Range No.: 11	Section No. 13	1/4,1/4 NE 1/4, NE 1/4
--------------------------------	-------------------------	----------------------	-----------------------	-------------------------------

Contract Information

I (we), the undersigned, do hereby request cost share assistance to help defray the cost of installing the following practice(s) listed on the second page of this contract. It is understood that:

1. The land occupier is responsible for full establishment, operation, and maintenance of all practices and upland treatment criteria applied under this program to ensure that the conservation objective of the practice is met and the effective life, a minimum of 15 years, is achieved. The specific operation and maintenance requirements for the conservation practice listed are described in the operation and maintenance plan prepared for this contract by the technical assistance provider.
2. Should the land occupier fail to maintain the practice during its effective life, the land occupier is liable to the State of Minnesota for the amount up to 150% of the amount of financial assistance received to install and establish the practice unless the failure was caused by reasons beyond the land occupier's control, or if conservation practices are applied at the land occupier's expense that provide equivalent protection of the soil and water resources.
3. If title to this land is transferred to another party before expiration of the aforementioned life, it shall be the responsibility of the landowner who signed this contract to advise the new owner that this contract is in force and to notify other parties to the contract of the transfer.
4. Practice(s) must be planned and installed in accordance with technical standards and specifications of the:

USDA- NRCS Field Office Technical Guide (FOTG)

5. Increases in the practice units or cost must be approved by the organization board through amendment of this contract as a condition to increase the cost-share payments.
6. This contract, when approved by the organization board or council, will remain in effect unless canceled or amended by mutual agreement, except where installations of practices covered by this contract have not been installed by 11-30-2025, this contract will be automatically terminated on that date.
7. Items of cost for which reimbursement is claimed are to be supported by invoices/receipts for payments and will be verified by the organization board as practical and reasonable. The invoices must include the name of the vendor; materials, labor or equipment used; the component unit costs and the dates the work was performed. The organization board has the authority to make adjustments to the costs submitted for reimbursement. Pre-Construction Cover is exempt from having the required invoices/receipts.

Applicant Signatures

The land occupier's signature indicates agreement to:

1. Grant the organization's representative(s) access to the parcel where the conservation practice will be located.
2. Obtain all permits required in conjunction with the installation and establishment of the practice prior to starting construction of the practice.
3. Be responsible for the operation and maintenance of conservation practices applied under this program in accordance with an operation and maintenance plan prepared by the technical assistance provider.
4. Not accept cost-share funds, from state sources in excess of 90.%, or state and non-state sources that when combined are in excess of 90.% of the total cost to establish the conservation practice. Pre-construction Cover is exempt from the percent reimbursement rate limitations when utilizing the flat rate payment option.

5. To provide copies of all forms and contracts pertinent to any other state or non-state programs that are contributing funds toward this project.

		Board Meeting Date: 7/24/2025	

Amendment requests that are received outside the executed State grant agreement date, outside the contract practice install date, or grant program policies BWSR staff must be consulted and a grant agreement amendment may be required.

State Grant Agreement Expiration Date: 12/31/2025

Original Contract Install Date: 11-30-2025

Amended Contract Install Date (If applicable): _____

Original Total Amount Authorized: \$35,412.30

Amended Total Amount Authorized: \$43,950.59

The Parties whose names are signed below hereby agree that the above-referenced Conservation Practice Assistance Contract is amended as follows:

The contracted amount authorized is being amended. The original amount authorized was based on a preliminary cost estimate. The final cost estimate was higher than the preliminary. The landowner also received three bids that all came in above the final estimate. The lowest of the three bids was close to the final estimate and determined by the designer to be a reasonable cost for the project. This ammendment reflects the total costs incurred so far and the amount remaining in the lowest bid to get the new amount authorized, \$43,950.59. This is an increase of \$8,538.29.

The original contract, as numbered, shall remain in full force and effect, except for those changes made necessary by the amendment.

This Amendment is to take affect on the date of the last signature hereto.

BSWR Soil Health RCPP Process Approval

Outreach and conservation delivery

- Outreach will occur by Wabasha SWCD staff

Contract length

- Program ends Dec 31st 2028. Yearly Contracts can be:

2025	2026	2027	2028
4 Year Contract	3 Year Contract	2 Year Contract	1 Year Contract

Contract Batching

- Applicant batching will occur monthly, coinciding with the Wabasha SWCD Board meeting.

Ranking

- Ranking will take place monthly prior to monthly Wabasha SWCD board meeting.

Ranking Criteria	Answer	Points
Does this project address at least one required resource concern?	Yes / No	N/A
1. Does the applicant identify as a Historically Underserved Farmer/Rancher? (15 pts)	Yes / No	
2. Is this the first time the applicant has utilized the proposed practice? (10 pts)	Yes / No	
3. Does the proposed project fall within a Drinking Water Supply Management Area? (10 pts)	Yes / No	
4. Is the proposed project located in a high priority area within a CWMP? (20 pts)	Yes / No	
5. Does the proposed project fall within a sensitive ground water area? (5pts)	Yes / No	
Total Available Points = 60	Total Points	

Tier 1 = 50-60, Tier 2 = 30-49, and Tier 3 = <29.

- Ranking will occur between the contracts within a batching period. The contracts with the greatest total points will be awarded first. Should a tie exist, the contract submitted to the district first, with all relevant information supplied and signed, will be awarded first.

Soil Health RCPP 2025 Ranking / Batching					July 2025		
Contract #	Total Ranking Points	Funding Request	Acres	Contracted Years	Rate	Township	Comments

BSWR Soil Health RCPP Process Approval

List of Allowable Resource Concerns

General Program Overview		Resource Concerns
Category	Resource Concern	
Soil quality limitations	Subsidence	
	Compaction	
	Organic matter depletion	
	Concentration of salts or other chemicals	
	Soil organism habitat loss or degradation	
	Aggregate instability	
Field sediment, nutrient, and pathogen loss	Nutrients transported to surface water (P&N)	
	Nutrients transported to groundwater (P&N)	
	Pathogens and chemicals from manure, biosolids or compost applications transported to surface waters	
	Pathogens and chemicals from manure, biosolids or compost applications transported to groundwater	
	Sediment transported to surface water (Erosion sources)	
Source Water Depletion	Surface water depletion	
	Inefficient irrigation water use	
	Groundwater depletion	

Eligible practices and payment rates:

BSWR Soil Health RCPP Process Approval

Practice	Cod e	Uni t	Max Rate allowed on Soil Health RCPP. Cannot be exceeded	Wabasha SWCD Soil Health RCPP rates and policy
Conservation Cover – introduced species	327	acr e	\$1000/acre	\$300.00/acre
Conservation Cover - Native Species	327	acr e	\$1000/acre	\$400/acre
Conservation Cover – Pollinator Species	327	acr e	\$1000/acre	\$600/acre
Contour Buffer Strips	332	acr e	\$610/acre	\$600/acre
Cover Crops – Single Species	340	acr e	\$60/acre	\$50.00/acre
Cover Crops Multi-species	340	Acr e	\$60/acre	\$60.00/acre
Critical Area Planting	342	Acr e	\$700/acre	75%
Field Border	386	acr e	\$600/acre	\$600/acre. 10-year lifespan
Filter Strip	393	acr e	\$700/acre	75% cost share. 10-year lifespan
Pasture and Hay Planting	512	acr e	\$800/acre	\$50/acre per year for 4 years. Must be planted on new acres and plant 5 years all on same acres.
Forest Stand Improvement	666	acr e	\$700/acre	Average current EQIP rate for components not to exceed the max allowable per acre.
Prescribed Grazing	528	acr e	\$80/acre	75% cost share not to exceed max allowable acre rate.
Residue and Tillage Management (No- Till)	329	acr e	\$35/acre	\$20/acre – Same acres, minimum 3-year contract, 100-acre max
Tree and Shrub Establishment	612	eac h	\$12/each	50% tree purchase +\$1.00 per tree and \$1.00 per tube or mat. Not to exceed the max allowable rate per tree.
Windbreak/Shelterb elt Establishment	380	foot	\$1.85/ft.	\$1.85/ft.

BSWR Soil Health RCPP Process Approval

Outreach and conservation delivery

- Outreach will occur by Wabasha SWCD staff

Contract length

- Program ends Dec 31st 2028. Yearly Contracts can be:

2025	2026	2027	2028
4 Year Contract	3 Year Contract	2 Year Contract	1 Year Contract

Contract Batching

- Applicant batching will occur monthly, coinciding with the Wabasha SWCD Board meeting.

Ranking

- Ranking will take place monthly prior to monthly Wabasha SWCD board meeting.

Ranking Criteria	Answer	Points
Does this project address at least one required resource concern?	Yes / No	N/A
1. Does the applicant identify as a Historically Underserved Farmer/Rancher? (15 pts)	Yes / No	
2. Is this the first time the applicant has utilized the proposed practice? (10 pts)	Yes / No	
3. Does the proposed project fall within a Drinking Water Supply Management Area? (10 pts)	Yes / No	
4. Is the proposed project located in a high priority area within a CWMP? (20 pts)	Yes / No	
5. Does the proposed project fall within a sensitive ground water area? (5pts)	Yes / No	
Total Available Points = 60	Total Points	

Tier 1 = 50-60, Tier 2 = 30-49, and Tier 3 = <29.

- Ranking will occur between the contracts within a batching period. The contracts with the greatest total points will be awarded first. Should a tie exist, the contract submitted to the district first, with all relevant information supplied and signed, will be awarded first.

FLAT RATE BASED CONSERVATION PRACTICE ASSISTANCE CONTRACT

General Information

Organization: Wabasha SWCD	Contract Number: 2024WAGZ-WC-02	Other state or non-state funds? <input type="checkbox"/> YES <input checked="" type="checkbox"/> NO	Amendment <input type="checkbox"/> Board Meeting Date(s):	Canceled <input type="checkbox"/> Board Meeting Date(s):
-----------------------------------	--	---	--	---

*If a contract amended, attach amendment form(s) to this contract.

Applicant

Land Occupier Name Alan Jostock	Address 326 Hill St E	City/State Hammond, MN	Zip code 55991
--	------------------------------	-------------------------------	-----------------------

* If a group contract, this must be filed and signed by the group spokesperson as designated in the group agreement and the group agreement attached to this form

Conservation Practice Location

Township Name: Hyde Park	Township No: 109	Range No.: 13	Section No. 14	1/4, 1/4 SW 1/4
---------------------------------	-------------------------	----------------------	-----------------------	------------------------

Contract Information

I (we), the undersigned, do hereby request cost share assistance to help defray the cost of installing the following practice(s) listed on the second page of this contract. It is understood that:

1. The land occupier is responsible for full establishment, operation, and maintenance of all practices and upland treatment criteria applied under this program to ensure that the conservation objective of the practice is met and the effective life, a minimum of 1 years, is achieved. The specific operation and maintenance requirements for the conservation practice listed are described in the operation and maintenance plan prepared for this contract by the technical assistance provider.
2. Should the land occupier fail to maintain the practice during its effective life, the land occupier is liable to the State of Minnesota for the amount up to 150% of the amount of financial assistance received to install and establish the practice unless the failure was caused by reasons beyond the land occupier's control, or if conservation practices are applied at the land occupier's expense that provide equivalent protection of the soil and water resources.
3. If title to this land is transferred to another party before expiration of the aforementioned life, it shall be the responsibility of the landowner who signed this contract to advise the new owner that this contract is in force and to notify other parties to the contract of the transfer.
4. Practice(s) must be planned and installed in accordance with technical standards and specifications of the:

340 Cover Crops, 329 No Till
5. Increases in the practice units or cost must be approved by the organization board through amendment of this contract as a condition to increase the cost-share payments.
6. This contract, when approved by the organization board or council, will remain in effect unless canceled or amended by mutual agreement, except where installations of practices covered by this contract have not been installed by 11/1/24, 11/1/25, 11/1/26, this contract will be automatically terminated on that date.
7. Reimbursement requests must be supported by a completed voucher.

Applicant Signatures

The land occupier's signature indicates agreement to:

1. Grant the organization's representative(s) access to the parcel where the conservation practice will be located.
2. Obtain all permits required in conjunction with the installation and establishment of the practice prior to starting construction of the practice.
3. Be responsible for the operation and maintenance of conservation practices applied under this program in accordance with an operation and maintenance plan prepared by the technical assistance provider.
4. Not accept any other state or federal funds for this practice.

SOUTHEAST MINNESOTA FORAGE FIELD DAY & DAIRY TOUR TUESDAY, AUGUST 5 • 9:45 A.M. - 2:00 P.M.

HYDE PARK HOLSTEINS: 61944 WABASHA COUNTY RD 6, ZUMBRO FALLS, MN 55041

FORAGE FIELD DAY & DAIRY TOUR AGENDA

9:45 a.m. Arrival and Welcome

10:00 a.m. Farm Overview

- The Siewerts' high production herd performance reflects top-tier genetics, nutrition, and management; the farm overview gives a glimpse at what goes into their farm management.
 - Chelsea Russell, Midwest Forage Association, St Paul, MN
 - Kevin Siewert, Hyde Park Holsteins, Zumbro Falls, MN

10:15 a.m. Overcoming the Diseases Challenging Alfalfa

- An overview of the most damaging alfalfa diseases, how to identify them, and strategies for reducing diseases from establishment to harvest; with current research on emerging diseases.
 - Debby Samac, USDA – ARS, St. Paul, MN

10:45 a.m. Alfalfa and Corn Silage Management Considerations

- A discussion on considerations for alfalfa and corn silage management and a look at how alfalfa is managed at Hyde Park Holsteins.
 - Luke Daninger, Ag Partners Coop, Goodhue, MN
 - Kevin Siewert, Hyde Park Holsteins, Zumbro Falls, MN

11:15 a.m. Field Walk, HarvXtra® Alfalfa Field (Planted Fall 2024)

- Kate Meyer, CROPLAN, Winona, MN
- Randy Welch, Forage Genetics International, Madison, WI

11:45 p.m. MFA and MDI Updates

- Chelsea Russell, Midwest Forage Association, St Paul, MN
- Dale Heintz, Minnesota Dairy Initiative, Eyota, MN
- Makenzie Alberts, Minnesota Dairy Initiative, Pine Island, MN

12:15 p.m. Lunch

1:00 p.m. Alfalfa Quality Trends, Targeted Cutting Strategy, and Ration Forage Inclusion

- A look at the alfalfa quality trends and cutting strategy at Hyde Park Holsteins that targets different animal groups while allowing regrowth. Includes highlights of their high-alfalfa feeding strategy, which helped them achieve production levels averaging 8.5 lbs of milk fat and protein per cow/day in 2024.
 - Ben Flueger, Ag Partners Coop, Goodhue, MN

1:20 p.m. Sand Separation Lane Discussion and Tour

- Using sand lanes is a way to reclaim bedding and improve cow comfort. Discussion and tour to show how it works at Hyde Park Holsteins.
 - Dale Heintz, Minnesota Dairy Initiative, Eyota, MN
 - Kevin Siewert, Hyde Park Holsteins, Zumbro Falls, MN

While the event is free, you are encouraged to RSVP by July 28 for meal planning and communication on weather changes.

September 10 & 11, 2025

Whether you are a new supervisor or employee—or a veteran board member or employee looking to refine your expertise—this training offers valuable insights to drive success in your role!

TRAINING HIGHLIGHT

William Doherty, Ph.D., Co-Founder, Braver Angels

Braver Angels is leading the nation's largest cross-partisan, volunteer-led movement to bridge the partisan divide and strengthen our democratic republic.

When all voices are heard, civic renewal grows. This session explores the causes of political polarization and its impact at the local level. It will also focus on the skills necessary to build trust and collaborate effectively with individuals who hold opposing views. SWCD participants will learn strategies for fostering constructive dialogue, understanding differing perspectives, and bridging divides to strengthen community cohesion and trust in local government.

Stewardship Summit: SWCD Governance & Leadership Essentials

September 10 & 11, 2025

Holiday Inn, 75 South 37th Avenue, St. Cloud, MN

Join us for an engaging and practical conference designed to equip supervisors and staff with the essential knowledge and skills needed for effective SWCD governance and leadership. This event will provide foundational instruction that strengthens leadership capabilities, enhances decision-making, and reinforces your district's mission.

Wednesday, September 10

- | | |
|------------------|---|
| 8:30 – 9:00 am | Check In - Registration |
| 9:00 – 9:10 am | Welcome – Chuck Rau, MASWCD Board President. |
| 9:10 – 10:00 am | <p>SWCDs: Our Origins, Milestones, and the Mission of Locally Led Conservation – LeAnn Buck, Executive Director, MASWCD. The history of how the Soil and Water Conservation District (SWCD) movement has shaped the core values and culture of local conservation efforts. This session will explore the evolution of SWCDs, tracing their origins, key milestones, and the impact of locally led conservation. We'll highlight Minnesota's conservation delivery partnership and discuss how collaborative efforts continue to strengthen conservation stewardship. By reflecting on the legacy of SWCDs and understanding the principles that have driven past conservation milestones, participants will gain insight that will inspire effective conservation strategies for the future.</p> <p>Defining the Essential Services of a Modern Soil and Water Conservation District – LeAnn Buck, Executive Director, MASWCD. The MASWCD defines "local district capacity" as the readiness of SWCDs to plan, identify, and successfully implement district statutory obligations and private lands conservation. This session will provide a holistic and integrated essential services approach to execute the SWCD mission.</p> |
| 10:00 – 10:30 am | Break |

10:30 am – Noon	<p>Social Trust in Local Government – William Doherty, Ph.D., Co-Founder, Braver Angels. When all voices are heard, civic renewal grows. This session explores the causes of political polarization and its impact at the local level. It will also focus on the skills necessary to build trust and collaborate effectively with individuals who hold opposing views. SWCD participants will learn strategies for fostering constructive dialogue, understanding differing perspectives, and bridging divides to strengthen community cohesion and trust in local government.</p>
12:00 – 1:00 pm	Lunch
1:00 – 2:30 pm	<p>Breakout Sessions (please select one)</p> <p>SWCD Statutory and Funding Authorities – Sheila Vanney, Assistant Director, MASWCD. This session will focus on SWCD governance and authorities as outlined in Minnesota State Statutes. Participants will deepen their understanding of SWCD law, supervisor compensation, elections, reporting requirements, and the district conservation contract program. In addition to district authorities, we will also explore current state funding mechanisms for SWCDs, providing a comprehensive overview that supports district’s conservation work.</p> <p>Enhancing Your Board-Staff Relationship – Lisa Hinz and Jody Horntvedt, Extension Educators, University of Minnesota Extension. Good district board-staff relationships don’t just happen – they get created and sustained through effort. In this session, we will explore public board-staff roles and share tools to build good relationships for a more effective public organization and support for local conservation outcomes.</p> <p>Data Security: How SWCD Records Management Plays a Key Role – Richard Miehe, Risk Management Consultant, and Karen Clayton Ebert, Senior Staff Council for Risk Control, MN Counties Intergovernmental Trust (MCIT): The enormous volume of data that SWCDs collect to conduct their mission means their data security threat landscape is just as large. This session:</p> <ul style="list-style-type: none"> • provides an overview of the laws related to a public entity’s data management, including the Minnesota Official Records Act, Records Retention Act and Minnesota Government Data Practices Act; • explains how deliberately managing SWCD’s data can help reduce the potential adverse consequences from a data security incident; and • explores best practices tips for reducing the amount of information the SWCD maintains and how to ensure the information they need to keep is secure.

2:30 – 3:00 pm **Break**

3:00 - 4:30 pm **Breakout Sessions (please select one)**

Minnesota’s Open Meeting Law – Sonya Guggemos, Senior Staff Counsel for Risk Control, MN Counties Intergovernmental Trust (MCIT). The Minnesota Open Meeting Law is a key component for transparency in government operations. A violation of the law can affect the credibility of the SWCD and its leaders, as well as expose them to litigation and fines. This session will review the most recent changes to the Open Meeting Law including:

- What constitutes a “meeting” under the law;
- When the SWCD governing body can legally close a meeting;
- How to properly notice, close and record meetings;
- Provisions that allow elected officials to participate through a virtual, remote connection; and
- How MCIT coverage responds to claims that allege a violation of the Open Meeting law.

Beyond the Agenda; Creating Collaborative Meetings – Lisa Hinz and Jody Horntvedt, Extension Educators, University of Minnesota Extension.

Meetings don’t have to feel like routine reports! In this interactive workshop, you’ll discover strategies to enhance engagement and encourage active participation – ensuring that meetings are a space for meaningful discussion and collaborative problem solving. Whether you’re leading the conversation or simply attending, you’ll learn techniques on how to foster a more inclusive environment where individuals feel comfortable sharing their ideas and contributing to meaningful discussions.

The ABC’s of Establishing Successful Collaborative Arrangements with other Local Units of Government - Karen Clayton Ebert, Senior Staff Counsel for Risk Control, MN Counties Intergovernmental Trust (MCIT)

Collaborative arrangements can be a useful way to address operational needs or for watershed management activities that cross multiple jurisdictional boundaries. A sound collaboration is built on a solid foundation. This session explains the building blocks of a successful arrangement, whether it is a collaborative agreement or a standalone joint powers entity (JPE).

4:30 – 5:30 pm **Reception & Cash Bar ~ an opportunity for SWCD officials and resource professionals to network with peers and partners.**

5:30 pm

Casual Dinner

Thursday, September 11 (DAY 2)

7:00 – 8:00 am

Breakfast

8:00 – 9:30 am

Breakout Sessions (please select one)

SWCD Advocacy in Action: Understanding the State Legislative Process – Sheila Vanney, Assistant Director, MASWCD. SWCDs rely on state laws and funding to support conservation programs and provide technical assistance across Minnesota. This session covers a comprehensive range of topics, from understanding the legislative and executive branch processes to engaging with decision-makers. SWCD members will enhance their skills and knowledge to effectively advocate for district programs and policy.

Fostering Deliberation in Your SWCD – Lisa Hinz and Jody Horntvedt, Extension Educators, University of Minnesota Extension. Fostering deliberation involves creating spaces for thoughtful discussion, open-minded engagement, and collaborative decision-making. This workshop will focus on strategic questioning that encourages people to consider different perspectives, weigh options, and work together to find common solutions. Attendees will also learn techniques and tools for building understanding that encourage disagreement without being disagreeable, which will strengthen your SWCD's ability to make a difference in conservation.

'I Move That'... Parliamentary Procedure 101 – Kevin Dahlman, Parliamentarian. Parliamentary procedure is a useful tool for conducting meetings, assuring fairness, and completing business in an orderly manner. Through this engaging session, you'll gain the skills to navigate parliamentary procedure and how to confidently make motions, handle nominations, and conduct voting. Don't miss this opportunity to boost your governance expertise!

Enhancing SWCD Technical Assistance Through Credentialing & Job Approval Authority – Kelly Voigt, Regional Training Conservationist and Amanda Deans, Training Engineer, MN Board of Water and Soil Minnesota's Soil and Water Conservation Districts (SWCDs) play a vital role in helping landowners voluntarily conserve and enhance natural resources. This session will explore how Conservation Planner

Certification and Job Approval Authority (JAA)—credentialing systems supported by NRCS, MASWCD, and BWSR—strengthen the technical expertise of local staff. We'll outline the responsibilities of both SWCD employees and Board Supervisors in utilizing these tools to build a skilled, responsive conservation workforce equipped to meet Minnesota's growing resource challenges.

9:30 – 9:45 am

Break

9:45 – 10:45 am

General Sessions

Minnesota's Conservation Delivery Partnership – Troy Daniell, State Conservationist, NRCS, and John Jaschke, Executive Director, BWSR.

Minnesota SWCDs have a rich history of partnering to help people and communities address their conservation goals. This session will focus on how and why SWCDs, the USDA's Natural Resources Conservation Service (NRCS), and the Minnesota Board of Water and Soil Resources (BWSR) work together to conserve natural resources on private lands. We will discuss the partnership's unique roles and collective work including:

- NRCS Farm Bill Conservation Programs
- BWSR/SWCD Grants, Programs & Initiatives
- Conservation Practice Standards & the Field Office Technical Guide
- Local Working Groups & the SWCD Role
- Economics of Locally Led Conservation

10:45 – 11:00

Break

11:00 – 11:45

Clean Water Fund, Comprehensive Watershed Management and the SWCDs Role – Jen Kader, Administrator, MN Clean Water Council and LeAnn Buck, Executive Director, MASWCD.

Minnesotans value their drinking water, streams, and groundwater. On November 4, 2008, voters approved the Clean Water, Land and Legacy Amendment to the state constitution. The Clean Water Fund (CWF), supported by the Amendment, plays a crucial role in protecting and restoring the state's water resources. Participants will

- discover the history and drivers for the creation of the Clean Water Legacy Act;
- learn about the Clean Water Council and their role in developing budget recommendations to the legislature on CWF spending, current budget priorities and goals;
- review the critical role of SWCDs through collaborative and collective watershed implementation efforts; and

- look ahead to the current and future challenges to ensure water is safe and healthy for future generations.

11:45 am–12:30 pm **MASWCD Essential Services and Closing Remarks LeAnn Buck, Executive Director, MASWCD** - MASWCD provides leadership and a common voice for Minnesota's SWCDs. Hear how MASWCD members collaborate with the legislative and executive branches to support Minnesota's SWCDs through policy analysis and advocacy. We will also explore the Association's educational and professional development training resources to help district resource professionals and officials better serve their communities.

MASWCD is a nonprofit organization providing leadership, educational opportunities, and a common voice for Minnesota's Soil and Water Conservation Districts.
